Keep adding .15 per thousand stitches over 14,000 Stitches

Stitch counts matter. We have raised the base minimum stitch count from 5,000 to 7,000 stitches. We are counting stitches on all embroidery. Many of our customers are having their own designs* made and digitized without regard to the number of stitches in the design. This has caused our sew times to go way up. Keep in mind, intricate designs, outlining letters, large designs take a long time to sew. Smaller and tasteful is the way to go when it comes to embroidery.

We will attempt to quote a design when our customers ask, but until it is digitized and we get the info from the computer, stitch counts are just a guess. Final stitch count will determine the final price.

SIMPLE DESIGNS MADE FROM OUR KEYBOARD \$15.00 PATTERN CHARGE
